

Bulb Disposal

UNIVERSITY
OF
MICHIGAN

UM recycles over
100,000 bulbs
annually, helping
to protect our
environment
from toxic
materials.

ALL types of light bulbs MUST be recycled properly!

WHAT BULBS ARE ACCEPTED?

All types and sizes of bulbs are accepted in the EHS Hazardous Materials Management (HMM) bulb collection/recycling program. Under no circumstances should any bulb be discarded into the general trash.

PROPER PACKAGING & LABELING

All bulbs should be carefully packaged to prevent breakage. Repackage bulbs in original boxes, if possible, and close and seal both ends. New boxes or drums are available for pickup at the Bulb Trailer and at EHS's North Campus Transfer Facility (NCTF) at 1655 Dean Road, 763-4568.

Bulb Trailer Location

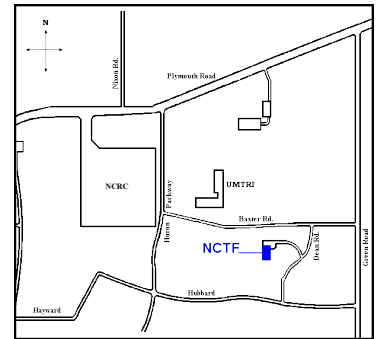

Bulbs must be kept in a secure, dry location. All bulb boxes and drums must have a "Bulb Label" affixed to the container. Fill out the label, including the "Accumulation Start Date." The accumulation start date is the first day that you begin filling the container with bulbs.

University of Michigan UNIVERSAL WASTE ELECTRIC LAMPS	
Building: _____	
Box Accumulation Start Date: _____	
Type of Bulbs	Number of Bulbs in Box
4' Fluorescent	
8' Fluorescent	
Mercury Vapor	
Compact Fluorescent	
Fluorescent "U" Tube	
Other (specify):

 For recycling	

Bulb Label

Also include the building name and type/quantity of bulbs in box or drum. Labels are available at NCTF, the Bulb Trailer, CSSB or by contacting HMM at 763-4568. Stack boxes so that the label is clearly visible during storage.

Bulbs may not be accumulated for longer than **one year**. Bulbs should only be accumulated for 10 months or less to ensure compliance.

NCTF Location

DISPOSAL

Zone Maintenance:

Transport bulbs to the Bulb Trailer located in the northeast corner of the Transportation Lot (inside the fenced area). Bulbs can also be transported to EHS's North Campus Transfer Facility. Make certain all containers are closed, sealed, and labeled properly.

Faculty and staff:

Contact Zone Maintenance for pick-ups at 647-2059.
