Antichoking Poster Yes
CO2 Tanks Secured Yes

Violation Category	Repeat	Violation Description/Remarks/Correction Schedule	Correct By	Corrected
--------------------	--------	---	------------	-----------

This Facility was inspected by Nonda Mihas, a representative from University of Michigan, on 1/6/2023 to determine the level of compliance with the Michigan Food Law, P.A. 92 of 2000, as amended.

Walk in Freezer

6-501.11 **Repeat** PHYSICAL FACILITIES shall be maintained in good repair. 04/06/23
Core

Item(s): Physical facilities
Problem(s): In poor repair
Correction(s): Repair/replace.

1/6/2023 Physical facilities shall be maintained in a state of good repair.

Walk-in freezer floor is buckled at the seams near door, which causes tripping hazard. PIC contacted vendor who estimated floor repair to be \$7,000, which is not financially feasible at this time, therefore EHS is amenable for establishment to seek other alternative cost-effective measures for repair.

Correct as soon as possible by repairing the above physical facility items.

Closing Comments:

Remove empty CO2 tanks from establishment.

Core item shall be addressed/corrected as soon as possible, which will be reinspected at the next routine inspection.

UM EH&S is now listing routine inspection reports for all campus food establishments on-line. Reports can be viewed at <http://ehs.umich.edu/campus-life-safety/food-safety/inspections/>
