**Item(s):** Handwashing sink(s) 06/02/2025  
**Location:** Back Bar Blender Area 06/02/2025  
**Problem(s):** Used for culinary purposes Cleaning  
**Correction(s):** Discontinue use of hand sink for this use and use appropriate sink.

5/16/2025 Hand washing sinks shall be used only for hand washing.

Observed food debris in both sinks on back bar area. Both were supplied with handwashing soap and paper towels, indicating use for handwashing in addition to culinary use.

Given both sinks were plumbed correctly for prep sinks, one may be used strictly as a prep sink. Correct this violation as soon as possible by designating one sink for food preparation and the other sink for handwashing.

6/2/2025 Discussion held with the PIC about the importance of designating separate sinks for the purposes of handwashing and culinary usage. Violation addressed/corrected.
