	11/5/2024	Observed several flies present throughout the kitchen, specifically around sink with garbage disposal.		
		Correct by routinely inspecting the premises for evidence of pests, eliminating harborage conditions, using trapping devices, and working with UM Pest Management.		
	11/11/2024	CORRECTED - No flies were present in the kitchen, specifically around garbage disposal sink/drain. Pest Management serviced the area following the initial routine inspection (see attached report). I reinforced the importance of running the sink and garbage disposal daily to avoid harborage conditions.
