Closing Comments:

The dish machine is broken and the operators intend to have it removed. There is an adequately sized three compartment sink available for cleaning and sanitizing.

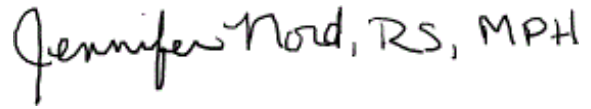

The ice machine is broken and there are discussions about possibly repairing or replacing the unit. It is not currently in use. If there is a decision to repair the ice machine then the machine must be thoroughly cleaned and sanitized prior to be placed into use.

Very little occurs in this space except beverage preparation and staging. No violations were observed. UM EH&S is now listing routine inspection reports for all campus food establishments on-line. Reports can be viewed at <http://ehs.umich.edu/campus-life-safety/food-safety/inspections/>
