Closing Comments:

No violations observed.

The general manager of this facility is extremely knowledgeable on food safety matters. He was able to answer all of the questions that were asked and provide documentation for the practices, showing they are meeting their SOPs. Excellent job.

Consider providing a little more food safety education to the team lead(s) behind the counter. They should be able to identify all potential risks and determine how to best prevent them from occurring.

Overall an excellent inspection. Great job!
