

THE IN-LINE WASTE SYSTEM

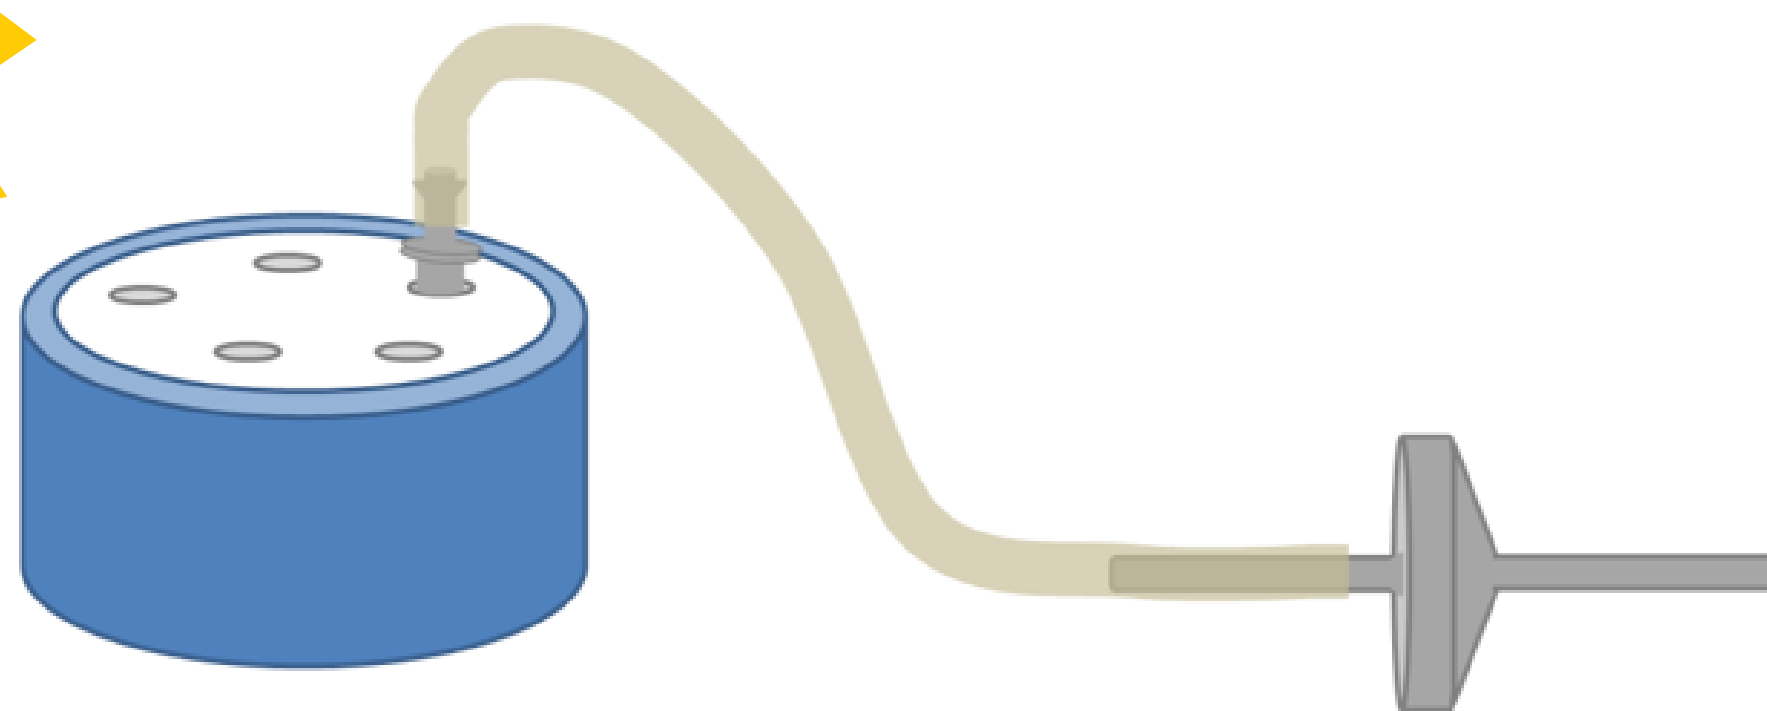

Environmental laws do not allow waste to be collected in a container that is not sealed.

Meets regulatory requirements for a closed container!

Compatible with 4L bottles provided by EHS

Helps prevent release of harmful vapors!

FREE when ordered through EHS!

Please visit our website at ehs.umich.edu

For more information or to order an in-line waste system contact EHS Hazardous Materials Management at 734-763-4568

EHS is committed to assisting waste generators in complying with this important regulation and will supply, at no cost, an in-line waste system upon request.
